The Darke County Teachers' Institute convened in Memorial Hall Monday morning and is having a large attendance. There are several interesting, instructive and entertaining lectures present and good musical attractions are a pleasing feature.

The remains of Mrs. Anna McCarty, a sister of Thomas Barry of this city, were brought here from Indianapolis last Friday morning and buried in the Catholic cemetery. She was about 75

years old and formerly resided here.

Mrs. Amanda Smelker, relict of Levi Smelker, died Sunday morning in the home of her sister, Mrs. Wallace Plessinger, East Fifth street, after a long illness. She was 66 years old and leaves four sisters—Mrs. Wallace Plessinger, Mrs. Lynn Gaubey and Mrs. Tom Marshall of this city and Mrs. A. M. Baker of Farmersville, O. Funeral services were held Tuesday afternoon at the Christian church and burial made in New Madison cemetery.

Another automobile accident occurred Sunday evening at Sharp's crossing, west of town, along the electric railway. Will Grimes, a son of Daniel Grimes, of Union City, was coming to Greenville with three boy companions, and it seems he was racing his car with an electric car, southbound, both running about 45 miles an hour, and at Sharp's crossing the automobile collided with the rear end of a two-horse wagon of the Greenville Fertilizer Works, driven by a young man named Westfall. The machine was badly wrecked, the front part of machine torn away, and the impact threw young Westfall up against a fence, breaking an ankle. The wagon, which contained a dead horse, was also badly damaged.

Roll Beedle, his wife and little boy, were all more or less injured Sunday morning when the auto in which they were riding struck a stone in the roadway, deflecting its course and causing it to skid in the wet grass alongside and finally hitting a telephone pole when about a mile north of Ansonia. All were thrown out of the car. Mr. Beedle was cut about the face and head by flying glass when the wind shield was smashed. Mrs. Beedle had her right hip badly wrenched, and their little boy was bruised about the face and body. The little year old daughter that Mrs. Beedle was holding in her arms escaped injury. After their injuries were looked after by an Ansonia physician, they were brought home in Dan Brown's machine and all are now able to be up and around. It was a narrow escape for all of them.

Greatest Fair in Sixty Years.

The Great Darke County Fair on August 24-27 at Greenville, Ohio, promises to be in every way the most stupendous exhibition of its kind held anywhere this year.

The two \$1000.00 stake races, already filled, the fine program stake races, and the many other attractions booked or contracted for all point to the banner year of all the sixty years the Darke County Agricultural Society has been holding fairs.

The premium list has been greatly enlarged and new departments created in which the keenest interest is being shown all over the county.

Two big New York Hippodrome acts have been secured for free attractions and one of the very largest wild animal shows in existence will be among the pay shows.

Make your arrangements to attend the Great Darke County Fair. There will be many things to interest you—races, exhibitions, parades, shows, music galore, all bigger and better than ever before. —Adv

Benzol from Coal Gas.

Another step in the manufacture of benzol in this country has been taken. Thomas A. Edison has announced that he has opened a factory in Johnstown, Pa., for the manufacture of benzol from coal gas, a process never before developed in this country. Carbolic acid and aniline dyes are made from benzol, which heretofore has chiefly come from Germany. Since the war there has been a great shortage of this product and chemists and manufacturers have given much attention to producing it here.
